

Our 60 MPH Club

Our 60 MPH club was started in 1992. During our instruction I normally check my students every two weeks. In the late 80s and early 90s 60 MPH was not as common as it is today. I started the club as an incentive for students to throw harder. Whenever a student, or anyone I coached, hit 60 we added their name to the list. The club is alive and well and we add names as the event occurs. **Pitchers with “*” have hit 65 mph** or higher and ***pitchers with “** *” have hit 70 mph*** or faster. I still believe that anyone that puts the time and energy into pitching and achieves a goal of this difficulty deserves this recognition. I honor and respect these pitchers.
